* Effective fall 2010, federal law required universities to collect race/ethnicity data on new students in greater detail, see Glossary for more information. New students may declare more than one race category in addition to the ethnicity category. Information under the "Students by IPEDS Reporting Category" heading in the table above provides traditional race/ethnicity information where students are counted once per category. Information under the "Students by Collection Category" heading provides a different look at race/ethnicity information. Hispanic students are reported as Hispanic as well as any race categories they have self-reported. All new students declaring more than one race category are reported in each category selected. Therefore, adding the figures from the separate race/ethnicity categories under this heading may yield a figure greater than the number shown in the "Total" column, which is a unique student count. This second method provides a more precise reflection of the racial and ethnic diversity of the UA student body.

* Effective fall 2010, federal law required universities to collect race/ethnicity data on new students in greater detail, see Glossary for more information.

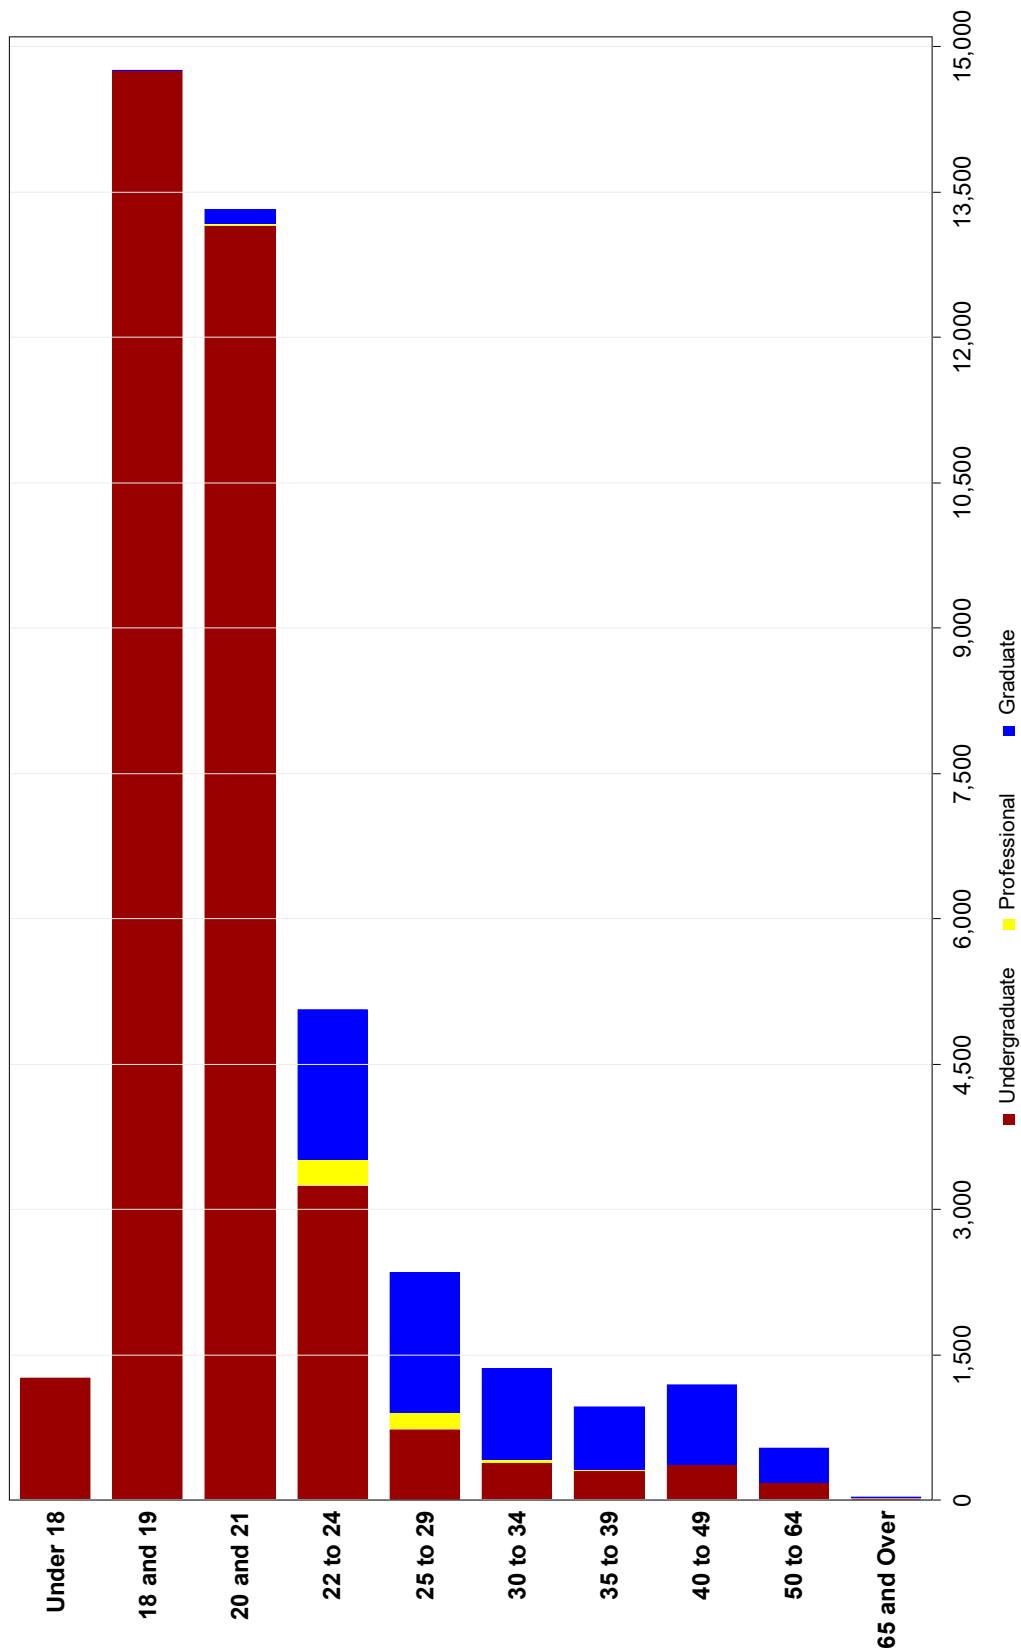

New students may declare more than one race category in addition to the ethnicity category. Information under the "Students by IPEDS Reporting Category" heading in the table above provides traditional race/ethnicity information where students are counted once per category. Information under the "Students by Collection Category" heading provides a different look at race/ethnicity information. Hispanic students are reported as Hispanic as well as any race categories they have self-reported. All new students declaring more than one race category are reported in each category selected. Therefore, adding the figures from the separate race/ethnicity categories under this heading may yield a figure greater than the number shown in the "Total" column, which is a unique student count. This second method provides a more precise reflection of the racial and ethnic diversity of the UA student body.

**This is the sum of all "collection category" percentages which will likely be greater than 100%.

* Effective Fall 2010, federal law required universities to collect race/ethnicity data on new students in greater detail, see Glossary for more information.

New students may declare more than one race category in addition to the ethnicity category. Information under the "Students by IPEDS Reporting Category" heading in the table above provides traditional race/ethnicity information where students are counted once per category. Information under the "Students by Collection Category" heading provides a different look at race/ethnicity information. Hispanic students are reported as Hispanic as well as any race categories they have self-reported. All new students declaring more than one race category are reported in each category selected. Therefore, adding the figures from the separate race/ethnicity categories under this heading may yield a figure greater than the number shown in the "Total" column, which is a unique student count. This second method provides a more precise reflection of the racial and ethnic diversity of the UA student body.

**This is the sum of all "collection category" percentages which will likely be greater than 100%.

*Graduate assistantship courses (IDGR) and medical resident courses are not included in these counts. National Student Exchange and Capstone International Program 400 and 500 level courses are not included effective Spring 2014. Medical clerkship courses and medical internship courses are not included in these counts prior to Fall 2015. Law credits are included in the category Graduate I. Credits are tabulated by registration department (referred to as the course home) and school/college.

Online (not Main Campus) is a new category added Fall 2018. In academic year 2018-19, the University revised class schedule coding. This provided a more accurate identification of off-campus classes and resulted in larger numbers of off-campus enrollments and credit hours.

*An academic year includes Fall, Spring, and Summer. Graduate assistantship courses (IDGR) and medical resident courses are not included in these counts. National Student Exchange and Capstone International Program 400 and 500 level courses are not included effective Spring 2014. Medical clerkship courses and medical internship courses are not included in these counts prior to Fall 2015. Law credits are included in the category Graduate I. Credits are tabulated by registration department (referred to as the course home) and school/college.

Online (not Main Campus) is a new category added Fall 2018. In academic year 2018-19, the University revised class schedule coding. This provided a more accurate identification of off-campus classes and resulted in larger numbers of off-campus enrollments and credit hours.

* Effective fall 2010, federal law required universities to collect race/ethnicity data on new employees in greater detail, see Glossary for more information.

New employees may declare more than one race category in addition to the ethnicity category. Information under the "Faculty by IPEDS Reporting Category" heading in the table above provides traditional race/ethnicity information where students are counted once per category. Information under the "Faculty by Collection Category" heading provides a different look at race/ethnicity information. Hispanic faculty are reported as Hispanic as well as any race categories they have self-reported. All new faculty declaring more than one race category are reported in each category selected. Therefore, adding the figures from the separate race/ethnicity categories under this heading may yield a figure greater than the number shown in the "Total" column, which is a unique person count. This second method provides a more precise reflection of the racial and ethnic diversity of the UA faculty.

**This is the sum of all "collection category" percentages which will likely be greater than 100%.

GLOSSARY

ACADEMIC PROGRAM: An instructional program leading toward an associate's, bachelor's, master's, doctoral, or professional degree or resulting in credits that can be applied to one of these degrees.

ACADEMIC YEAR: The period generally extending from September to June; at UA this includes the fall and spring terms only.

ACCREDITING AGENCIES: Organizations (or bodies) that establish operating standards for educational or professional institutions and programs, determine the extent to which the standards are met, and publicly announce their findings.

ACT: Previously known as the American College Testing program, measures educational development and readiness to pursue college-level coursework in English, mathematics, natural science, and social studies. Student performance does not reflect innate ability and is influenced by a student's educational preparedness.

ALABAMA ADDRESS (STUDENT ORIGIN): This classification identifies a student's geographic location at the time of matriculation based on the permanent mailing address provided. While it may often align with a student's Legal Residency, it is a **separate classification** and is determined by geographic location, rather than legal residency status. Because of this distinction, a student marked "Yes" for Alabama Address (Student-Origin) may still be classified as an Out-of-State student for tuition and legal residency purposes. Likewise, a student marked "No" for Alabama Address (Student-Origin) may still be classified as a legal resident for tuition purposes. Students are classified into one of two categories:

- **Yes:** Indicates the student reported a permanent Alabama address at the time of matriculation to UA.
- **No:** Indicates the student did not report an Alabama permanent address at the time of matriculation to UA.

AMERICAN INDIAN OR ALASKA NATIVE: A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment.

ASIAN: A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

AUDIT/AUDITING (A CLASS): Term used when a student elects to take a course but does not wish to receive credit for the course toward a degree or other formal award.

AUXILIARY ENTERPRISES (EXPENDITURES): Expenditures for essentially self-supporting operations of the institution that exist to furnish a service to students, faculty, or staff, and that charge a fee that is directly related to, although not necessarily equal to, the cost of the service. Includes mandatory and non-mandatory transfers. Examples are residence halls, food services, student health services, intercollegiate athletics, college unions, college stores, and movie theaters.

AUXILIARY ENTERPRISES (REVENUES): Revenues generated by or collected from the auxiliary enterprise operations of the institution that exist to furnish a service to students, faculty, or staff, and that charge a fee that is directly related to, although not necessarily equal to, the cost of the service. Auxiliary enterprises are managed as essentially self-supporting activities. Examples are residence halls, food services, student health services, intercollegiate athletics, college unions, college stores, and movie theaters.

BACHELOR'S DEGREE: An award (baccalaureate or equivalent degree, as determined by the Secretary, U.S. Department of Education) that normally requires at least four but not more than five years of full-time equivalent college-level work. This includes all bachelor's degrees conferred in a five-year cooperative (work-study) program. A cooperative plan provides for alternate class attendance and employment in business, industry, or government; thus, it allows students to combine actual work experience with their college studies. Also includes bachelor's degrees in which the normal four years of work are completed in three years.

GLOSSARY (continued)

BLACK OR AFRICAN AMERICAN: A person having origins in any of the black racial groups of Africa.

BOOK VALUE: The dollar value of the physical asset at the time of construction or purchase of that asset, or, if the asset is a gift, the market value of the asset at the time of the gift. It may also be the difference between the balance of a physical plant asset account and its related accumulated depreciation account.

BRANCH INSTITUTION: A campus or site of an educational institution that is not temporary, is in a community beyond a reasonable commuting distance from its parent institution, and offers full programs of study, not just courses.

CLASSIFICATION OF INSTRUCTIONAL PROGRAMS (CIP): A taxonomic coding scheme for secondary and postsecondary instructional programs. It is intended to facilitate the organization, collection, and reporting of program data using classifications that capture most reportable data. The CIP is the accepted federal government statistical standard on instructional program classifications and is used in a variety of education information surveys and databases.

GLOSSARY (continued)

prudent portion of the appreciation of the principle. Does not include gains spent for current operations, which are treated as transfers.

EXECUTIVE, ADMINISTRATIVE, AND MANAGERIAL: A primary function or occupational activity category used to classify persons whose assignments require management of the institution, or a customarily recognized department or subdivision thereof. Assignments require the performance of work directly related to management policies or general business operations of the institution, department, or subdivision. Assignments in this category customarily and regularly require the incumbent to exercise discretion and independent judgment. Included in this category are employees holding titles such as: top Executives, chief executives, general and operations managers, advertising, marketing, promotions, public relations, and sales managers, operations specialties managers, administrative services managers, computer and information systems managers, financial managers, human resources managers, purchasing managers, postsecondary education administrators such as: presidents, vice presidents (including assistants and associates), deans (including assistants and associates) if their principal activity is administrative and not primarily instruction, research or public service, directors (including assistants and associates), department heads (including assistants and associates) if their principal activity is administrative and not primarily instruction, research or public service, assistant and associate managers (including first-line managers of service, production and sales workers who spend more than 80 percent of their time performing supervisory activities), engineering managers, food service managers, lodging managers, and medical and health services managers.

EXTENSION DIVISION: A unit of the institution that provides institutional services including the planning, organization, and delivery of extended campus offerings. To carry out these activities, it generally maintains its own enrollment, personnel, and financial records separate from those of the main institution (although an institution may include these records in its own institutional data base). It does not grant either degree-credit or degrees, but these may be awarded by the institution for instruction provided through the extension division.

FACULTY: Persons identified by the institution as such and typically those whose initial assignments are made for the purpose of conducting instruction, research, or public service as a principal activity (or activities). They may hold academic rank titles of professor, associate professor, assistant professor, instructor, lecturer, or the equivalent of any of those academic ranks. Faculty may also include the chancellor/president, provost, vice provosts, deans, directors or the equivalent, as well as associate deans, assistant deans and executive officers of academic departments (chairpersons, heads or the equivalent) if their principal activity is instruction combined with research and/or public service. The designation as "faculty" is separate from the activities to which they may be currently assigned. For example, a newly appointed president of an institution may also be appointed as a faculty member. Graduate, instruction, and research assistants are not included in this category.

FALL COHORT: The group of students entering in the fall term established for tracking purposes. For the Graduation Rates component, this includes all students who enter an institution as full-time, first-time degree or certificate-seeking undergraduate students during the fall term of a given year.

FALL TERM: The part of the academic year that begins between late August and November 1.

FEDERAL GOVERNMENT GRANTS AND CONTRACTS (REVENUES): Revenues from Federal governmental agencies that are for training programs, research, or public service activities for which expenditures are reimbursable under the terms of a government grant or contract. FIRST-TIME UNDERGRADUATE (also FIRST-TIME STUDENT): A student who has no prior postsecondary experience (except as noted below) attending any institution for the first time at the undergraduate level. This includes students enrolled in academic or occupational programs. It also includes students enrolled in the fall term who attended college for the first time in the prior summer term, and students who entered with advanced standing (college credits earned before graduation from high school).

FRESHMAN: A first-year undergraduate student.

GLOSSARY (continued)

FRINGE BENEFITS: Cash contributions in the form of supplementary or deferred compensation other than salary. Excludes the employee's contribution. Employee fringe benefits include retirement plans, social security taxes, medical/dental plans, guaranteed disability income protection plans, tuition plans, housing plans, unemployment compensation plans, group life insurance plans, worker's compensation plans, and other benefits in-kind with cash options.

FRINGE BENEFITS EXPENDITURES: Cash contributions (of the institution) in the form of supplementary or deferred compensation other than salary. Excludes the employee's contribution.

FTE EMPLOYEES (FACUTLY & STAFF): At UA, the full-time equivalency (FTE) for faculty and staff is obtained from payroll records where the FTE value represents the total percent of appointment or appointments per employee.

FTE STUDENTS: The full-time equivalency (FTE) of students is a single value providing a meaningful combination of full time and part time students. At UA, student FTE is the sum of the following values:

Undergraduate: Full-time students are counted a 1 FTE, and the FTE for part-time students is calculated as the student's credit load divided by 12.

Graduate: Full-time students are counted a 1 FTE, and the FTE for part-time students is calculated as the student's credit load divided by 9.

Professional (formerly First-Professional): Full-time students are counted a 1 FTE, and the FTE for part-time students is calculated as the student's credit load divided by 9.

FULL-TIME INSTRUCTIONAL FACULTY: Those members of the instruction/research staff who are employed full-time and whose major regular assignment is instruction, including those with released time for research. Also, includes full-time faculty for whom it is not possible to differentiate between teaching, research, and public service because each of these functions is an integral component of his/her regular assignment.

FULL-TIME STAFF (EMPLOYEE): As defined by the institution. The type of appointment at the snapshot date determines whether an employee is full-time or part-time. The employee's term of contract is not considered in making the determination of full or part-time.

FULL-TIME STUDENT:

Undergraduate: At UA, a student enrolled for 12 or more semester credits per term.

Graduate: At UA, a student enrolled for 9 or more semester credits per term.

Professional (formerly First-Professional): At UA, a student enrolled for 9 or more semester credits per term.

GASB (GOVERNMENTAL ACCOUNTING STANDARDS BOARD): The Governmental Accounting Standards Board (GASB) establishes accounting standards for local and state entities including governmental colleges and universities.

GED (GENERAL EDUCATIONAL DEVELOPMENT): This term normally refers to the tests of General Educational Development (GED), which provide an opportunity to earn a high school credential. The GED program, sponsored by the American Council on Education, enables individuals to demonstrate that they have acquired a level of learning comparable to that of high school graduates.

GEOGRAPHIC ORIGIN: This term shows the location of the home address submitted by an applicant at the time of application. This location does not necessarily express residency (citizenship of a state or country), see LEGAL RESIDENCY. Do not use the figures identified as 'Foreign' as the total number of international students (US nonresidents). Refer to 'Race/Ethnicity' tables to find the official number international students or faculty/staff.

GLOSSARY (continued)

GIFTS: Revenues received from gift or contribution nonexchange transactions. Includes bequests, promises to give (pledges), gifts from an affiliated organization or a component unit not blended or consolidated, and income from funds held in irrevocable trusts or distributable at the direction of the trustees of the trusts. Includes any contributed services recognized (recorded) by the institution. FASB and GASB standards differ somewhat on when to recognize contributions or nonexchange revenues, with FASB standards generally causing revenues to be recognized earlier in certain circumstances.

GOVERNMENT APPROPRIATIONS (REVENUES): Revenues received by an institution through acts of a legislative body, except grants and contracts. These funds are for meeting current operating expenses and not for specific projects or programs. The most common example is a state's general appropriation. Appropriations primarily to fund capital assets are classified as capital appropriations.

GRADUATE ASSISTANTS: Graduate-level students employed on a part-time basis, not limited to, but often employed for the primary purpose of assisting in classroom or laboratory instruction or in the conduct of research. Graduate students having titles such as graduate assistant, teaching assistant, teaching associate, teaching fellow, or research assistant typically hold these positions.

GRADUATE STUDENT: A student who holds a bachelor's or professional (first-professional) degree, or equivalent, and is taking courses at the post-baccalaureate level. These students may or may not be enrolled in graduate programs.

GRADUATION RATE: The rate required for disclosure and/or reporting purposes under Student Right-to-Know Act. This rate is calculated as the total number of completers within 150% of normal time divided by the revised adjusted cohort.

GRANTS AND CONTRACTS (REVENUES): Revenues from governmental agencies and non-governmental parties that are for specific research projects, other types of programs, or for general institutional operations (if not government appropriations). Examples are research projects, training programs, student financial assistance, and similar activities for which amounts are received or expenses are reimbursable under the terms of a grant or contract, including amounts to cover both direct and indirect expenses. Includes Pell Grants and reimbursement for costs of administering federal financial aid programs. Grants and contracts should be classified to identify the governmental level – federal, state, or local – funding the grant or contract to the institution, grants and contracts from other sources are classified as non-governmental grants and contracts. GASB institutions are required to classify in financial reports such grants and contracts as either operating or non-operating.

HISPANIC OR LATINO: A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.

IN-STATE STUDENT: A student who is a legal resident of the state in which he/she attends school.

IN-STATE TUITION: The tuition charged by institutions to those students who meet the state or institution's residency requirements.

INSTITUTIONAL SUPPORT: A functional expense category that includes expenses for the day-to-day operational support of the institution. Includes expenses for general administrative services, central executive-level activities concerned with management and long-range planning, legal and fiscal operations, space management, employee personnel and records, logistical services such as purchasing and printing, and public relations and development. Also includes information technology expenses related to institutional support activities. If an institution does not separately budget and expense information technology resources, the costs associated with student services and operation and maintenance of plant will also be applied to this function.

INSTRUCTION: A functional expense category that includes expenses of the colleges, schools, departments, and other instructional divisions of the institution and expenses for departmental research and public service that are not separately budgeted. Includes general academic instruction, occupational and vocational instruction, community education, preparatory and adult basic education, and regular, special, and extension sessions. Also includes expenses for both credit and non-credit activities. Excludes expenses for academic administration where the primary function is administration (e.g., academic deans). Information technology expenses related to instructional activities if the institution separately budgets and expenses information technology resources are

GLOSSARY (continued)

included (otherwise these expenses are included in academic support). Institutions include actual or allocated costs for operation and maintenance of plant, interest, and depreciation.

INTEGRATED POSTSECONDARY EDUCATION DATA SYSTEM (IPEDS): The Integrated Postsecondary Education Data System (IPEDS) is a system of interrelated surveys conducted annually by the U.S. Department of Education's National Center for Education Statistics (NCES). Reported information included data on institutional enrollments, program completions, graduation rates, faculty and staff, finances, institutional prices, and student financial aid. To learn more about IPEDS Survey components, visit <https://nces.ed.gov/ipeds/use-the-data/survey-components>

JOB GROUP (also PRIMARY OCCUPATIONAL ACTIVITY): The principal activity of a staff member as determined by the institution. If an individual participates in two or more activities, the primary activity is normally determined by the amount of time spent in each activity. Occupational activities are designated as follows:

- Executive, Administrative, and Managerial
- Faculty (Instruction/Research/Public Service)
- Graduate Assistants
- Other Professional (Support/Service)
- Technical and Paraprofessional
- Clerical and Secretarial
- Skilled Crafts
- Service/Maintenance

LEGAL RESIDENCY (TUITION-BASED): A summarized version of the classification system used in determining a student's residency status for tuition and fee purposes at the UA. Because classification is based on the University's Residency for Tuition Purposes policy, having an Alabama address does not automatically qualify a student as an in-state resident for tuition. Students are classified into six groups which are summarized in the following three categories used in the Factbook:
