Key Concepts

- Shared reports
- Recent reports

Finding Reports

Once you've logged in to SAS Viya, you will arrive on the "Explore and Visualize" page. You can use the navigation panel on the left side of the screen to find reports.

If this is the first time reading a report, you'll need to click the "Shared with Me" item in the left hand menu. When OIRA shares a report with you, this is where they first arrive in your SAS Viya profile. From the items listed in the main panel, double click the report you wish to see.

Once you have opened a report it will now appear in the "Recent" list for easier access.
